TRAMWAY LINE 37 HOHE WARTE – GEWEYGASSE

PROJECT SHEET

PROJECT

Tramway Line 37, Intersection Hohe Warte - Geweygasse

LOCATION

Vienna, Austria

CLIENT

Wiener Linien GmbH & Co KG

PERIOD

June - July 2025

DESCRIPTION

As part of the renewal of the tram line 37 the track crossing in the area of Hohe Warte – Geweygasse, was exchanged. To protect surrounding buildings from Noise and Vibration impacts, the highly noise-insulated track system from Wiener Linien was used.

SERVICES

- Layout of the highly noise-insulated track system for the tramway tracks at intersection Hohe Warte - Geweygasse.
- Reinforcement drawings of the elements with highly noise-insulated and noise-insulated track systems.
